Canada's Largest Warship on Carribean Exercises

Newest addition to the Canadian fleet was delivered only last autumn. The 17,700 ton aircraft carrier makes her home port at Halifax. When the incident involving the 82 ratings broke out she was taking part in a spring training cruise with other Canadian and United States

vessels, including the destroyer Athabaskan. Similar incident was reported aboard the Athabaskan last month, and naval authorities at Ottawa issued several statements attempting to explain it as an isolated incident. Today's report hints all is still not settled.

32 Navy Ratings Mutiny On Carrier Magnificent

ABOARD HMCS MAGNIFICENT, March 26.—(CP)—An investigation is being conducted aboard the Canadian aircraft carrier Magnificent on an incident in which 32 ratings failed to heed a call to muster on the flight deck, it was announced today.

The 32 already disgraced ratings were ordered to the flight deck by the commanding officer, Cmdr. C. B. Miller, last night. Service is Prime Aim of Cleaners

New Cleaning Processes Insure Best in Business

Service with satisfaction is the motto of Dollar Cleaners, according to plant manager Mickey Din.

A veteran of five years' service with the RCAF, Mickey is well known in Edmonton. He played a prominent role in the design and construction layout of the new home of Dollar Cleaners, and organized a systematic method of handling garments at the plant, which, in addition to providing better working conditions for employees, also speeds up service.

"We aim to give the best in service and satisfy our customers at all times," he said. All garments received at the plant are given the best of care, and at the time throughout the process of handling does any garment touch the floor, according to Din. "When they are brought into the plant by our trucks from our five cash and carry branch offices, they are inspected thoroughly, stamped with identification tags then placed in hot numbers and put in a hopper," said Din.

ALL STANDARD
The hopper is then conveyed into the cleaning room where the garments are segregated into various classifications, such as soft weaves, hard weaves, silks and others. "Each batch is then cleaned according to the methods set down by the Sanitane cleaning experts. Experienced operators check garments to see if they have been cleaned properly and according to Sanitane requirements. The garments are all filter cleaned with the solvent cleaning through the cleaning machine which receives 60 changes of solvent cleaning fluid. The Sanitane method of cleaning takes out more grime and dirt, and washes them 'germ free,'" he added.

Following the cleaning process, the garments are transferred to the drying machine where the cleaning solvent is removed and from there they are placed in a warm air dryer which destroys the solvent of the solvent.

ALL INSPECTED
After this process the garments are conveyed to the check room where they handle the respective weaves or silks, and before the garment is delivered ready for delivery to the customer, it is thoroughly inspected to see that it has been cleaned properly and to the best of the plant's ability.

"We are proud of our work and the service we give," said Din. "All garments received are automatically insured against fire, damage and loss. In the fire which destroyed our plant last May hundreds of customers lost garments and we are pleased to say that everyone was satisfied with the adjustment of claims," he concluded.

All Arrangements For Execution Of McLaren Ready

LETHBRIDGE, March 26.—(CP)—All arrangements have been completed for the execution of Stanley Donald McLaren of Calgary and Toronto, for murdering a Chinese grocer in Calgary. Lethbridge officials said yesterday. The death sentence will be carried out early next Wednesday, unless federal justice authorities direct otherwise. Officials said that federal authorities generally advise them two days before the scheduled date for an execution, either that the death sentence has been confirmed and is to be executed or that it is being commuted to life imprisonment. This notification is given after the justice minister receives all the evidence obtained before a person is condemned to death.

Union Leader's Arrest Sought At West Coast

VANCOUVER, B.C., March 26.—(RUP)—The CIO-CLC International Woodworkers of America yesterday sought to have Ernie Dalziel, former British Columbia District president, arrested for non-payment of \$100,000 in union funds.

A. T. B. Campbell, counsel for the union, filed a notice of motion with the Supreme Court of British Columbia here yesterday. The notice, returnable April first, was filed against Dalziel by reason of his contempt of Supreme Court order issued Oct. 4, 1948. Campbell said if the order was granted, Dalziel would be arrested. This was the latest development in the long and complicated legal struggle between the IWA and the Communist Woodworkers Industrial Union of Canada.

Ottawa Studies Game Protection Against Wolves

OTTAWA, March 26.—(CP)—Recreation Minister Macdonald said last night in the commons that officials of his department now are consulting with the provinces on the question of protection for big game against the ravages of wolves. G. B. Foxworth V.C. (PC-Nationalist) said the wolves have seriously depleted big game stocks in the Yukon and in parts of British Columbia. He spoke on a bill making technical amendments to the game act. Mr. Macdonald said the amendments would not lessen the protection of game stocks. The matter of protection was under discussion with provincial authorities.

SICK AND TIRED of his work as a house painter, Christ J. Voelker junked that career in 1913 to join the Cleveland Police Department. So for the past 20 years he's been assigned to the police paint shop and has turned out 600,000 neatly painted signs at the rate of 2,000 a month. Here he wonders how it all happened.

3 AUTO-THEFT RING SUSPECTS CHARGED

CALGARY, March 26.—(CP)—Three men suspected of being in a three-man automobile theft ring, appeared in police court here yesterday on charges of bringing stolen property into Canada.

Leonard B. Thomson of Three Hills, Alta., charged with theft of a rented car at Minot, North Dakota, last Feb. 24 and bringing it into Canada for sale, reserved election and plea.

He also reserved plea on a charge of assisting a Lethbridge service station attendant, March 14. The assault is alleged to have taken place when the attendant was serving him with oil and gasoline.

Kenneth S. Larrie of Port Moody, B.C., pleaded guilty to theft of a stolen car in Calgary and Coquitlam, B.C., and to assaulting a Calgary service station attendant. He will be sentenced on these charges Monday but elected trial in district court on an additional charge of bringing a stolen car into Canada.

Canada Oil Production Shatters All Records

OTTAWA, March 26.—(CP)—Canadian production of crude petroleum and natural gas rose to an all-time monthly high last January, the Bureau of Statistics reported today.

For the most part the increase was the result of a sharp rise in the Leduc and Belvedere fields of Alberta. Production from the Turner Valley was lower.

UP 77 PER CENT
Canada's output for the month was 1,536,300 barrels, nine per cent higher than in the preceding month and 77 per cent above January last year.

Alberta accounted for 1,280,000 barrels in January as compared with 947,400 a year ago. Leduc's output rose sharply to 707,400 barrels from 122,300. Belvedere to 68,400 barrels from 40,100 and Lloydminster to 46,800 barrels from 35,500. Crude output from Turner Valley fell to 255,800 barrels from 425,100.

The month's output from wells in Saskatchewan totalled 51,700 barrels, compared with 73,800 a year ago. The Northwest Territories produced 6,200 barrels compared with 2,000.

Carr Requests Move To Toronto To Help Defence

OTTAWA, March 26.—(CP)—The government has been asked for permission to allow removal of Sam Carr from Ottawa to Toronto, it was learned yesterday.

The proposed move from Carleton County jail here, probably to a jail in Toronto, would be to facilitate preparation of Carr's case for defence counsel.

Carr has been held here since his return to Canada last month after being picked up by FBI agents in New York. He is awaiting extradition on a charge of helping to obtain a forged passport for a Soviet spy. A request for bail was denied Feb. 13.

South Africa Serves Notice On Reds

CAPETOWN, March 26.—(RUP)—Prime Minister Daniel Malan yesterday served notice that the government is "determined" to act in curbing activities of Communists in South Africa. Malan told the Union Assembly "the time for Communist activities here is past."

On the Farm

By Pat McVeen

One blue ribbon was lacking at Edmonton's Spring Livestock Show and Sale.

There was no championship to pin on the show itself and it deserved one. Soudily handled by Edmonton Exhibition officials, and probably better attended than any of the 27 which preceded it, the show proved Northern Alberta, which has long made its living out of livestock, is determined to make an even better living out of even better cattle.

To this end, \$25,700 changed hands at the bull sale this week as breeders supplemented herd with some of the finest purebred animals Alberta has ever produced.

Records topped. This week's show compared to last year's put 66 more animals on the block, and rang up \$2,700 more in sales. Short-horn and Aberdeen Angus cattle brought average prices well above last year's and only Hereford brought a decrease in average prices.

Highest bidders in the pocket book in a single sale went to a young Chapman breeder, Wm. J. Chapman, for his Short-horn bull, "Melbar Norman Conqueror".

The animal sold for \$2,000 to R. Pettibridge of Trees. The price equaled that received by Melbar at the Calgary show last year when sold for his "Melbar Norman Embroiderment" to the same Northern Alberta breeder, now re-building Southern Alberta breeders.

BIG RETURN
Melnyk's five auctioneers brought him a total of \$4,075 at the Edmonton sale. Chucky purchased "Blommar Lad", owned by Gordon C. MacArthur of Haddock was sold to a Longman breeder for \$2,300 and Vermilion auctioneer, M. Barr, sold "Widow's Road Major", owned by John Henning of Wusick.

Close sweep in the sale of Hereford females was scored by C. D. Daniel, Estevan, who pocketed \$4,325 in the sale of 12 animals.

HEREFORDS
Auction block popularity of white-faced bulls sold over 2-1/2 hours and \$2,370. Other Hereford breeders who reaped handsome prices were Paul Gabriel, Erickson, L. Kneerich, Roroff, William and Peter Andrichuk, Ed. Point, R. C. Carpenter, Kiniasa, Hawkins Bros., Strama, and John Hoyteak, Lamer.

But Hereford breeders bowed to a Southern Alberta carter for top price records with Crawford-Frost Herefords of Nanton bringing as high as \$1,825 for a Carcass line bull.

Angus breeders Roy Ballours of Wetaskiwin, Lloyd McMillan of Prosserville, Alfred Power of Miller, Starko and Sons, Chapman, Napolean Turcotte, St. Edouard, Robert A. W. Bridge, South Edmonton, Tom Brown, Tofield, W. E. Chase, Vermilion, and John I. Jones, Miller, took home a total of \$4,240 in sales receipts.

Here's how the cash register looked after the bull sale was over and the show owners were providing the cattle up the leading chute and into the stock truck.

Short-horn bulls: 40 sold at an average price of \$425.10 for a total

of \$16,999. Short-horn females: 15 sold at a \$230 average for \$4,725 total.

Hereford bulls: 65 sold at an average of \$54.10 for a \$3,516 total.

Hereford females: 44 sold at \$273.14 average for a total of \$12,038.

Angus bulls: 12 sold at an average of \$346.66 for a total of \$4,160.

Angus females: 2 sold at \$190 each for \$380 total.

The government's new income tax return form for farmers is probably the work of a man who knows intimately the joys of bookkeeping.

After an early spring day of fence mending, harness repairing, and discovering that the seed drill, like the old grey mare, ain't what she used to be.

At any rate, the new form is short, simple and considerably easier to fill out than it was last year.

For the farmer experienced and capable enough to have made his business pay to the extent of being liable for income tax, completion of the new form won't be too much of a task.

Everything's been simplified except the problem of finding the where-with-all to pay the tax.

TAX FORM
The tax form, obtainable at post offices and through the district income tax office at Edmonton, serves farmers, fishermen, commission agents and investors, so that the farmer who uses it will find many of its sections do not apply to him.

After conferring to the income tax department your own address and area of your farm on the first page, it's easiest to go directly to page four, second section, marked "Income from Farming."

List your income and expenses here, and make certain adjustments, such as the value of home grown products consumed, to arrive at your net income.

Incidentally, you can legally reduce the net income figure by subtracting depreciation losses and charging out business losses sustained during the previous three years.

NO HELP
On the other hand, you can't avoid being taxed on percentage dividends received or on money paid your wife for her help on the farm.

With net income determined, you enter this figure on page C, labelled "Farming." Subtract medical expenses, charitable donations and personal exemptions.

Salt Is Necessary For Diet of Pigs

Due to the fact that brine or an excessive amount of salt will cause serious digestive disorders or even death to a pig, some breeders consider salt as harmful and dangerous to swine and do not include it in the ration.

ATTENTION FARMERS and Out-of-Towners

THE NORTHLAWN bungalow is planned for efficient utilization of a comparatively small area, 37' 4" wide by 24' 8" deep. It is suitable for a 50-foot lot allowing ample room for a side drive. The second floor is sufficiently large for two additional rooms. Exterior materials suggested are a combination of ledge stone with brick and wide siding. Economy of hall space makes the rooms quite spacious and each bedroom is large enough for two beds. This most tastefully designed house will always be a source of pride to the owner. This is another in the Bulletin's series of practical homes designed by Harold C. Beckett, M.R.A.C., 52 Chatham St. W., Windsor, Ontario.

EDMONTON BULLETIN, Saturday, March 26, 1940 9
LONGEST STOPPAGE

Heart Stopped for 40 Minutes, Youth Revived

CHICAGO, March 26.—AP.—Two surgeons announced today revival of a 16-year-old youth 40 minutes after his heart action stopped completely.

An American Medical Association source said he believed the feat was the longest known heart stoppage on record to be followed by successful resuscitation.

Reporting in the A.M.A. Journal, Dr. Arthur S. Tatum and Dr. Milton H. Adelman, said the youth's heart failed during a long operation in St. Louis hospital, New York, Jan. 16, 1940.

Dr. Tatum immediately began to massage the heart with his hands. Arterials and blood were given to the patient. Artificial respiration was maintained with 100-percent oxygen administered through the anesthetic apparatus.

During the long period of heart failure, the doctors said, the patient breathed in gases at irregular intervals, but when heart massage was stopped for an instant

there were only a few feeble, ineffectual contractions noticed. A strong heart beat was resumed unexpectedly, just as the doctors prepared to operate on the organ.

The manufacturing of Portland cement requires some 30 separate operations.

AN INTERIOR VIEW of the new and ultra-modern plant of Dollar Cleaners, located at 9352 106A Avenue. The premises, which were recently constructed following a disastrous fire which destroyed the old plant, have

been equipped with latest designed cleaning machinery. Ideal working conditions and scientific controlled cleaning service are among the main features of the new plant.

Dollar Cleaners Celebrate Opening of \$125,000 Plant

New and super modern is the \$125,000 cleaning plant operated by Dollar Cleaners at 9352 106A Avenue.

The spacious building, which houses the latest in equipment, is constructed of brick and concrete, is fireproof, and the largest establishment of its kind in Edmonton.

Owner and operator of the plant is Michael Potocki, who has been in the business for 25 years. He is assisted by his son, Cecil, who is assistant manager of service and distribution, and Mickey Din, who is plant manager and in charge of promotions and advertising.

Dollar Cleaners' new establishment is attractively decorated throughout and possesses many fine features. A spacious entrance is located at the south-west corner of the building and it leads into a huge room which serves as a cash-and-carry branch office for customers who bring their garments to the plant for cleaning and necessary attention.

The order desk is finished in maple and stretches the entire width of the room. Behind it are two young girls, who attend to the business requirements and the caring of patron's garments on several spacious clothes racks. To the left of the entrance is the main business office, and beyond is the entrance to the plant proper.

A file and records office is located on the second floor balcony, together with showers and bath room facilities for men and women. The third story is the location of the employees' recreation and lunch room. Cleaning and drying quarters are

The new cleaning establishment also features a large thermostatically controlled and operated cold storage vault for furs. This vault, constructed of concrete, is equipped with temperature controlled devices which allocate the proper temperature periodically to the garments in the vault thus supplying them with a changing air so important to the life of furs. Plant manager Din says it is the largest vault of its kind in western Canada. Another unique feature at the plant is the modern skylight arrangement, which has been constructed so as to draw out the

heat created in the establishment's steam presses. "Steam heat is drawn up through the skylights and which at the same time provide daylight working conditions, and do away with shadows usually caused by artificial light," said plant manager Din.

Throughout the plant has been decorated in bright colors giving it an attractive appearance and pleasant atmosphere. "Modernistic lighting, heating and

air conditioning create ideal working conditions," said Din, "and well they should be for it positively contributes to greater speed and efficiency." "The most modern establishment of its kind anywhere." Proud indeed are the owners kind anywhere.

Eastwood Wins First Junior Title

A brilliant hand of High School Junior Eastwood won the first junior title in the history of the tournament. The victory was a surprise to many, as Eastwood was considered an underdog. He defeated the top seed in the final round, securing the championship. The tournament was held at the local community center and drew a large crowd of spectators. Eastwood's win marks a significant achievement in his young career.

Impatient Flyers Battle In Vain

The Flyers' impatience in the final minutes of the game proved to be their undoing. Despite a strong lead in the third period, they failed to maintain their momentum. The opposing team capitalized on the Flyers' mistakes, scoring several goals in the final period. The Flyers' coach expressed disappointment with the team's performance, particularly their lack of focus in the closing minutes.

Bowling

The bowling team's performance in the recent tournament was commendable. They secured a strong position in the standings, thanks to consistent play from all team members. The team's strategy was well-executed, and they showed great resilience throughout the competition.

Kreller Touched Off Vain Flyer Rally in Last Frame

Continued from Page 1
The Flyers' rally in the final frame was a desperate attempt to turn the tide of the game. Kreller's shot in the last frame sparked a brief surge of energy, but it ultimately proved to be in vain. The Flyers were unable to score enough points to overcome their deficit.

PHIL HORN

Phil Horn Heads New Ball Group

Phil Horn, a rising star in the bowling world, has announced the formation of a new ball group. The group aims to provide a platform for emerging talent and to promote the sport of bowling. Horn's leadership and skill on the lanes have earned him a reputation as a promising young player.

The new ball group will consist of several young players who share a common passion for the game. They plan to hold regular practice sessions and participate in various tournaments. Horn's goal is to help these players develop their skills and reach the next level in their bowling careers.

Wolves Triumph

The Wolves team secured a decisive victory in their recent match. Their strong defense and powerful offense were the key factors in their success. The team's captain praised the players' teamwork and dedication, highlighting their performance in the final frame.

Prison Break Tale Rialto Feature

Canon City Is Declared Authentic By Jail Workers

The story of the prison break which astounded the nation a year ago is now on the screen of the Rialto Theatre starting Monday.

"Canon City" is being hailed as one of the best prison stories made, and is receiving special notice from prison associations across the country.

Those who said it couldn't be done are taking in their prize of the screen adaptation of the prison break.

The picture introduces Scott Brady with Jeff Corey, Whit Russell, and Charles Russell. Scott Brady plays himself in the picture.

The greatest acclaim for Canon City is coming from those people who know prison life best, the wardens, guards and correction officers.

Everyone who remembers the story that flashed across headlines last year will want to witness the realism of the two women who

Inside Hollywood

By Bob Thomas

HOLLYWOOD.—(AP)—The fear of overdoing a good thing never seems to bother Hollywood.

Growing with the success of Red Skelton's "Feller Brush Man" Columbia now plans a "Feller Brush Man" sequel. The girl will be Lucille Ball.

Speaking of sequels brings us to Bill Holden, who is contracting with Ball in "Miss Grant Takes Richmond." He has been in "Dear Ruth" and "Dear Wife" but was to count him out of the planned "Dear Mom." "Sequel" seldom if ever as good as the original, he claims. Apparently Columbia is willing to take the gamble.

PEOPLE AND THINGS
Vera Ellen always danced alone in films until the "daughter" number with Gene Kelly, which was the main attraction in "Wards and Music." Now the gal dances with Kelly in "On the Town."

Deborah Kerr is glowing about British reviews of her work in "Edward, My Son." Until now the Brits had been punishing her for deserting their industry for Hollywood.

Joan Bennett isn't touchy about being a grandmother. "If I'm old enough to have a daughter who can have a child, why shouldn't I admit it?" she said on "The Black

"Sweetheart-of-the-armed Forces," Terry Dale stars on COMRADES IN ARMS... Sunday night at six-thirty.
